

NO ELECTION YET BY METHODISTS

Choose One More Delegate to General Conference and Continue Their Balloting.

MISSIONARIES IN ANNIVERSARY

MINISTERIAL DELEGATES.
Rev. I. B. Schreckengast, University Place.
Rev. E. E. Hosman, Norfolk.
Rev. J. W. Embree, University Place.
Rev. U. G. Brown, superintendent of the Omaha district.

Although the state conference of Methodist laymen elected their delegates to the quadrennial general conference of the Methodist church on the first ballot Friday, the conference of ministers has failed on four ballots to give more than four candidates the necessary majority for election as ministerial delegates.

Rev. Mr. Schreckengast and Rev. Mr. Hosman received the necessary majority on the first ballot. The second ballot failed to elect any others, and on the third ballot only one minister, Rev. Mr. Embree, secured a majority.

When the fourth ballot was counted, Rev. Mr. Brown was shown to have received a majority, and his name was added to those of the elected delegates. Five more are yet to be chosen, and a fifth ballot was taken late Saturday afternoon, but its result will not be announced until Monday morning.

Detached Bands Of General Villa Yield to Carranza

LAREDO, Tex., Sept. 25.—Many detached bands of Villa soldiers are surrendering to the Carranza forces marching against Torreon. It was reported today by General Alvarez Obregon to Carranza military authorities in Nuevo Laredo.

Other military advice indicated that the Carranza forces, advancing from three sides against Torreon would encounter resistance there, instead of finding the city evacuated by the Villa troops as previously reported.

WASHINGTON, Sept. 25.—Thirty persons are reported to have been killed when thousands of shots were fired in the streets of Cananea, Mex., Thursday afternoon. No foreigners appear to have been among the killed. Thirty American women are reported fleeing in automobiles from Cananea to the border.

"The Carranza forces, which arrived at Cananea at noon on the 24th," said a State department announcement today, based on official dispatches, "evacuated the town at 7 o'clock in the evening of the same day. It is also reported that during the afternoon thousands of shots were fired in the streets and that thirty persons were killed. Thirty American women have left Cananea in automobiles for the border."

"The department has been informed that General Maytorena of the Villa forces intends to send a garrison to Cananea."

A telegram to the department from El Paso says trainloads of Americans, detained at Chihuahua because of congestion due to military trains, were expected to leave there last night. A dispatch from Vera Cruz told of the arrest and release on bond of W. B. Wofford, an American. No reason was assigned.

Practical Jokes Annoy Germans

(Correspondence of The Associated Press.)
BRUSSELS, Sept. 25.—Practical jokes continue to annoy the German authorities, who have considerable difficulty in putting down this form of insult to the invaders by the Belgian populace.

Machine guns were recently installed by the Germans on the roof of the Palais de Justice in order to command the Minimes and Marolles districts, where the rougher elements live. Immediately, as if by one thought, the people of the neighborhood mounted imitation guns made of stovepipe on their house tops, so that the whole district seemed to bristle with artillery.

Governor General von Bissing made the joke pay for their fun, however, at the rate of 15 marks for each offense. The official announcement of the fine accused the jokesters of "stealing" the method of rallying which could only be disastrous to the excellent relations existing between the civil population and the authorities.

Champion British Shot Killed in France

LONDON, Sept. 25.—Lieutenant A. N. V. H. Ommundsen of Edinburgh, Scotland, champion shot of the British empire, is reported to have been killed while fighting in Flanders.

Lieutenant Ommundsen was winner of the chief prizes at the shooting tournaments held at Bisle, England, including the king's prize, which he took at the meeting of the National Rifle association in 1911. He had been a member of the International Rifle teams.

FORMER IOWA WOMAN DEAD AT AGE OF 99

WISCONSIN, Sept. 25.—(Special.)—Mrs. Sophia Mills of Duck Creek in this (Vernon) county, and probably the oldest person in the country, is dead at the home of her daughter, Mrs. Del Smith, of Duck Creek, at the age of 99 years and 4 months. She was born early in 1818. Her husband was killed while fighting for the union in the civil war. Prior to coming to South Dakota, Mrs. Mills had lived for twenty-five years at Hartley, Ia., and the body was taken to that place for interment. Besides Mrs. Smith, two sons, Frank Mills of Duck Creek and Fred Mills of Melvin, Ia., survive her.

Civil service examinations. WASHINGTON, Sept. 25.—(Special Telegram.)—Civil service examination will be held on October 2 for formal letter carriers at Lincoln, Neb.

DR. ROSOLVO BOBO, leader of the Haitian insurrectionists, who, it is believed, will soon come to a peaceful agreement with the American authorities now holding Port au Prince.

DR. BOBO

SUNDAY AND KING AK DIVIDE HONORS

(Continued from Page One.)

and majestic store on earth, where everything from a spring mattress to a darning needle can be bought for a dime. Lucky people may draw a house and lot, that is, if the charming women who will have charge of the store allow them to. It is built for fun purposes only, and filthy lucre will have a small part in the proceedings.

For Jennie's Ride.
No less than seventy-seven applications have been received by Charles Black for passage space in the Zeppelin. The Fair Amusement company of New York City has engaged the tennau, or whatever it is called, in the balloon for the purpose of distributing French soldier dolls, 100 of which will be thrown out on each ascension. These dolls are the product of the United States and are consequently unobjectionable.

Parades will be a feature of the Ak-Sar-Ben. They will be more pretentious than ever before. The automobile and motorcycle events will surpass anything ever seen in the city and the cash prizes offered by the committee will have many contenders. Any bicycle, if decorated, will be welcomed in the line-up and this gives every budding genius in the decorative way a chance to display his or her skill. Each bicycle must be decorated, and when Dad Weaver says "decorated" it means just what he says.

Arch's New Ideas.
The arch in new colors and gliding will be an imposing spectacle, it is in the form of a Moorish palace, with gargoyles supporting vari-colored lights, a copula of imposing magnitude and seven gates, representing the seven ages of man by which each and every man, woman and child can enter the enclosure. To use an Anglican, the Ak-Sar-Ben is doing itself proud.

Dad Weaver reports that the engagement of Mlle Marie is absolutely certain. She is now at the Illinois state fair and will be here Monday morning to erect her perpendicular track, around which she will speed at a rate said to exceed ninety miles an hour.

GERMAN SAVINGS BANK THREATENS DEPOSITORS

NEW YORK, Sept. 25.—The German Savings bank of this city, holding \$2,754,500 belonging to 138,556 depositors, announced today that it had sent a demand to all banks and trust companies in which it keeps funds for a statement as to their attitude toward the proposed Anglo-French loan. The statement reads: "The Finance committee of the German Savings bank of the city of New York authorizes you to say that they are commiserating with all the banks and trust companies who have any of their money on deposit, asking them for their positive answer as to their position in reference to the proposed loan to the allies and furthermore to state that in case of an unfavorable answer, the deposit will be immediately withdrawn."

Apartment, flats, houses and cottages can be rented quickly and cheaply by a see "For Rent."

MINERS ASK JOHN D. TO MEET THEM

Invite Rockefeller to Discuss Principle of Contract Relations.

HE REFUSES TO COMMENT

DENVER, Colo., Sept. 25.—An invitation to John D. Rockefeller, Jr., to meet representatives of the United Mine Workers of America and establish contract relations in Colorado, "if he has the welfare of his employees at heart," is contained in a formal statement given out today by Robert H. Harlin, Percy Tetlow and James F. Moran, committee members representing the international executive board of the miners' organization in Colorado.

The committee recently came to Colorado vested with power to decide policies for the miners' union in Colorado and take necessary steps to defend members in any legal proceedings. Their statement expresses the opinion that newspaper accounts of Rockefeller's tour of mines in Southern Colorado "will create an erroneous impression in the minds of those unacquainted with existing labor conditions" in those fields. It recites that in calling the strike two years ago the Colorado miners sought to establish the "principle of contract relations between employer and employe by collective bargaining; that to establish this principle recognition must be accorded to a bona fide union of mine workers."

The statement then points out that the United Mine Workers of America is the only such bona fide organization of coal miners in the country and recognized by the American Federation of Labor.

The committee takes issue with a published statement by Rockefeller that the Colorado Fuel and Iron company "does not care whether its employes are union men or not," and says:

Charge of Discrimination.
"Since the strike was called off last December, this company (Colorado Fuel and Iron company) has steadfastly refused to re-employ men who are still affiliated with the union and we defy Mr. Rockefeller to produce from his entire working force in southern Colorado, a dozen men who are members of the union."

The statement says the "miners" representatives with whom Rockefeller has conversed in the coal camps do not represent the union (United Mine Workers of America), but an organization "created by the head officials of the company and afterwards foisted upon the miners."

"To demonstrate the impotency of such an organization to establish equitable conditions," continued the statement, "we wish to point out that some few months ago the company effected a reduction upon the miners of Fremont county of 10 cents per ton, notwithstanding the fact that the men had been asking for an increase of price."

The statement says that, despite Rockefeller's recent announcement, "eight or nine hundred members of our organization" have been refused employment by the company, while others have been "discharged on some flimsy, trumped up pretext" and that the elements that led to the revolt of miners in southern Colorado still obtain.

Rockefeller Refuses Comment.
ROCKYVALE, Colo., Sept. 25.—When John D. Rockefeller, Jr.'s attention was called to a Denver Dispatch stating that a committee, representing the international executive committee of the United Mine Workers of America, would invite him to a conference with a view to entering into a contract with the union, he said:

"I have received no invitation yet, and cannot very well accept or decline until it is received. However, I have not yet refused to meet anyone, and do not intend to refuse to meet anyone in the future. You may consider that as my reply."

Mr. Rockefeller refused to comment on the charges of discrimination contained in the committee's statement.

Talks with Union Miners.
A conference on working conditions between John D. Rockefeller, Jr., and a representative who avowed himself a former striker and still a member of the United Mine Workers of America, was an incident of Rockefeller's visit to this camp. Rockyvale is said by officials of the Colorado Fuel and Iron company to be a strong union camp and a center of socialism among employes.

As soon as Mr. Rockefeller reached Rockyvale he hunted up the two miners' representatives. Louis Carutti was the first located. Some one asked Carutti if he was a member of the United Mine Workers of America.

"You bet I am," Carutti replied, adding that he went out on strike in September, 1914, but went to farming and received no benefits from the union.

Bishop Kephart Talks to Pastors

YORK, Neb., Sept. 25.—(Special Telegram.)—The fifth day's session of the conference of the United Brethren church was given over largely to devotional services conducted by Rev. E. T. Wagner. Reports of committees on policy and distributions of the reports were also made. Bishop Kephart delivered an address on the "Ministry of the Church."

SPECIAL RESERVATIONS FOR TRAVELING MEN

A section of the tabernacle will be reserved this evening for the accommodation of the traveling men, who may wish to attend the "Bible" Sunday meeting. The seats will be reserved until 7:15 o'clock and if not claimed by that time will be used for the general public. Special invitations have been sent to the United Commercial Travelers and the Travelers' Protective association, the Commercial Salesmen, and a large number of tickets have been issued good for the admission of the traveling men and their wives and daughters, assuring them the best seats in the tabernacle if claimed within the time limit. These tickets have all been turned over to Secretary Mitchell of the Commercial club and may be had upon application at the club rooms. They will be ready for disposal all day today. It is expected that there will be a large number of applicants.

X-Ray Will Save Mankind from the Great White Plague

PHILADELPHIA, Pa., Sept. 25.—Physicians who have spent years in the study of tuberculosis declared today at the closing session of the seventh annual meeting of the American Association of Clinical Research at the Hahnemann Medical college, that the cure evolved by Dr. Jefferson E. Gibson of Denver, Colo., retiring president of the association, is one that in ten years ought to place tuberculosis among the relatively non-fatal diseases.

Dr. Gibson mentioned the cure in his address opening the meeting and Thursday and described it in detail in a paper at today's session. It provides a cure by adding X-rays, ozone and static electricity to the climatic and dietetic treatment now common in tuberculosis hospitals. By this method, he claims, the presence of the disease can be detected in healthy, robust persons even before the well known symptoms begin to form and cures can be effected in advanced cases in remarkably short time.

In his paper today Dr. Gibson said: "It might seem that I have allowed my enthusiasm to run away with me in studying this cure, but I think a feeling of gratification, at least, is justified when I say that out of 757 cases thus treated there have been only sixty-one deaths. I wish to state now with emphasis that the X-ray will finally bring about the emancipation of the human race from this dreadful scourge. In a few years, when the method is better developed, it will be a disgrace for a physician to allow a case of tuberculosis of any kind to progress to an advanced stage, because the X-rays even now find the incipient tendencies, even before the symptoms form."

The following officers were elected. President, Dr. Coleman, New York; first vice president, Dr. William B. Snow, New York; second vice president, Dr. Leon T. Ashcraft, Philadelphia. Dr. Kraus of Boston is the permanent secretary.

Alaska Racing Dogs Sold to France for Service in the Alps

NOME, Alaska, Sept. 25.—Sportmen here were lamenting today the sale yesterday of 100 of the best racing dogs in Alaska to the French government for army service in the Alps. A. A. (Scotty) Allan, the noted racing dog driver, will accompany the dogs to France. The team owned by Allan and Mrs. Charles E. Darling of Berkeley, Cal., was included in the sale. It consists of sixteen malamutes and is one of the most valuable teams in the north, being twice winner of the famous 412-mile Alaska sweepstakes race. They are part setter, with a strong wolf strain. Allan has been recognized as an authority in the selection of dogs. When Vilhjalmer Stefansson, the Canadian Arctic explorer, was outfitting in Nome two years ago, he commissioned Allan to select the dogs for the expedition.

Eight Men Shot in Fight at Akron, O.

AKRON, O., Sept. 25.—As the result of an argument, eight men were shot in a street fight here early today. Paul Harkins, 19, a rubber worker, is under arrest, charged with shooting to kill, and Harry Douglas is being held for carrying concealed weapons. The police claim Harkins, Douglas and another man engaged in a loud argument which developed into a free-for-all fight, attracting a crowd. Harkins, the officers say, fired twice into the crowd. Several men fell and Harkins fled, but was captured soon afterward by a squad of police who fought their way into the basement of a house where Harkins had barricaded himself.

John Justice, 45, was the most seriously wounded. He lost an eye and has a bullet in his head.

Warner's
Safe Diabetes Remedy
In diabetes the nutrition is impaired—this results in an excess of sugar in the blood, and the failure of the food to nourish, hence a gradual wasting away while eating well. Symptoms of this disease are increase of thirst, excess of urination and dry skin, often with sweetish odor. "I had diabetes and was given up by all doctors of my 1917. I took Warner's Safe Diabetes Remedy and am now perfectly well."—Rev. Alvin H. Morton, Sand Point, Idaho. Sold by all druggists, or sent postpaid on receipt of price, \$1.25. Write for name and information. Warner's Safe Remedies Co., Dept. 121, Rochester, N. Y.

GREEK PARLIAMENT MEETS WEDNESDAY

It is Generally Expected that a State of Siege Will Be Declared in Macedonia.

BULGARIAN ARMY MOBILIZING

ROME, Sept. 25.—A Havas dispatch from Athens says: "Parliament will be called upon at its session next Wednesday not only to proclaim martial law, but to vote upon declaring a state of siege in Macedonia and other measures the situation may demand."

"The National bank will advance funds to meet the present needs."

"It is reported from Sofia that Bulgarian mobilization is being carried out normally, but without enthusiasm."

Expect War with Bulgaria.
ATHENS (Via Paris), Sept. 25.—Great relief has been caused throughout Greece by the order calling for the mobilization of the army. The people apparently are glad to exchange the uncertainties of politics for the possibility of war. It is gen-

erally believed in official circles that a struggle eventually between Greece and Bulgaria cannot be avoided. Mobilization is under way today, proceeding quietly. The people are bewildered, not knowing whether it may lead to King Constantine, who recently passed through a severe illness, is indisposed and his conferences with Premier Venizelos have been postponed for a day.

Bulgarian Army Mobilized.
WASHINGTON, Sept. 25.—(Special Telegram.)—C. W. Canfield, telegraphed the State department today that Bulgaria's mobilization had been officially announced.

STROMSBURG HAS OIL SCARE THAT PROVES TO BE GASOLINE

STROMSBURG, Neb., Sept. 25.—(Special Telegram.)—Stromsburg citizens were excited this week by the report that a strike of oil had been made along Prairie creek. They began to buy up options on land in the vicinity, when it was discovered that some boys had salted the ground by pouring liberal quantities of gasoline over the mud, which made fine spurts of flame when ignited.

Parents Take Body.
CEDAR FALLS, Ia., Sept. 25.—(Special Telegram.)—C. W. Canfield, of Atlantic, Ia., arrived today, accompanied by two of his brothers, to take the body of his son, Roy Canfield, to Atlantic, Sunday morning, where burial will be made.

Canfield was killed in the automobile races here Friday afternoon when in the twenty-first lap his car lost a tire and went over the embankment.

Eighteen Attorneys Are Charged with Misuse of Mails

SAN FRANCISCO, Cal., Sept. 25.—Three San Francisco attorneys were arrested today under a blanket federal indictment charging eighteen California and Oregon attorneys and land agents with using the mails to forward a fraudulent scheme. They are charged with fraudulently inducing persons to file on alternate sections of land along the Southern Pacific railroad from the southern state line of Oregon to Eugene, Ore. The attorneys, Franklin P. Bull, Norman B. Cook and W. A. S. Nicholson, were released on \$2,000 bonds. The land involved was the government grants which had stipulated it should be sold to settlers at \$2.50 an acre. It was withdrawn from settlement. The supreme court of the United States recently held that the railroads interested in the land was limited to \$2.50 an acre and that the increased value belonged to the government. The attorneys are charged with representing that purchasers were assured clear title to the land regardless of the court's decision.
